## Safe Meeting Rooms

OfficePlace is reopening our meeting rooms with modified availability to meet the demand for safe meeting space. We recognize the need, with hotels being closed and small meetings at the local Starbucks being unavailable. OfficePlace and our staff will be following recommended guidelines established by the W.H.O, the C.D.C and the State of Connecticut.

## Professional ZOOM Meetings

- No restrictive time limits using our OfficePlace Zoom Subscription Account
- Extra-large monitors for extra-large viewing of meeting participants
- High quality camera, speakers and microphone -- video and audio tested and ready
- "Safe Six Seating" combining small live group meetings with unlimited virtual participants
